(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 1,000 inhabitants and upwards

NOTE.—The plan of classification in the foregoing table is the same as that adopted in former Censuses, and may be thus described —

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st. Its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz —

First Class accommodation, consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation, comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

COUNTY OF LONGFORD.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) County of Longford from the Census Returns of 1911.

SUMMARY.

Area.—The (Administrative) County of Longford covers an area of 269,408 statute acres, or 1·3 per cent. of the total area of the country.

Population (Table II.).—The number of persons in the County of Longford according to the Census of 1901 was 46,672, and according to the recent Census, 43,820 (22,656 Males and 21,164 Females), or 6·11 per cent. less than in 1901.

County Districts (Table VI.).—The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the increase or decrease during the decade :—

County Districts.	Population		Increase or Decrease between 1901 and 1911.		
			Number.		Rate per cent.
	1901.	1911.	Increase.	Decrease.	
Granard Urban,	1,622	1,531	—	91	5·6
Longford Urban,	3,747	3,760	13	—	0·3
Ballymahon Rural,*	9,478	8,684	—	794	8·4
Granard No. 1 Rural,	13,290	12,181	—	770	5·9
Longford Rural,	18,535	17,164	—	1,201	6·5
Total,	46,672	43,820	—	2,852	6·1

* Formerly Ballymahon No. 1

From the foregoing Statement it will be observed that there was an increase of 0·3 per cent. in one County District, viz., Longford Urban, but a decrease in four Districts, ranging from 8·4 per cent. in Ballymahon Rural to 5·6 per cent in Granard Urban.

Families and Houses (Table VIII.).—The number of distinct Families in the County at the time of the late enumeration was 9,524, the average number of persons in a family being thus 4·5. The number of Inhabited Houses was 9,461, showing an average of 4·6 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 7,840, or 82·3 per cent. of the total number of Families in the County, and of these 320, or 3·4 per cent. of the total number of Families in the County, were occupiers of one room; 1,868, or 19·6 per cent., occupiers of two rooms; 4,252, or 44·6 per cent., occupiers of three rooms; and 1,400, or 14·7 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 320, comprising 131 cases in which the room had only one occupant; 139 where the room had 2, 3, or 4 occupants; 40 cases in which there were 5, 6, or 7 occupants; and 10 cases where the occupants exceeded 7 in number, including one case of 10 persons, and one of 12 or more persons in the room.

Civic Areas.—Towns having, in 1911, a population of 2,000 and upwards, are classified as Civic Areas. The County contains one such Area, viz., Longford. In 1901 the population of this Area amounted to 3,747. In 1911 it was 3,760, showing an increase of 13 persons, or 0·3 per cent.; but in the remainder of the County there was a decrease of 6·7 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 1,236, or one in every 38 of the population; of this number 501 were inmates of Workhouses, and 735 were in receipt of Outdoor Relief. In 1911 the number returned was 852, or one in every 51 of the population; 474 of these being in the Workhouses, and 378 on Outdoor Relief which figure includes 16 children Boarded-out.

Pnnted image digitised by the University of Southampton Library Digitisation Unit

The Sick (Table XII.).—In 1901 the number of persons in the County of Longford returned as Sick, on the night of the Census, was 313, or one in every 149 of the population. In 1911 the number so returned was 199, or one in every 220 of the population; of the latter number 112 were at their own homes, and 87 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of Marriages registered in the County of Longford during the ten years ending 31st March, 1911, was 1,956, equal to an average annual rate of 4·3 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the County during the ten years was 8,913, affording an average annual rate of 19·7 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 7,538, being equal to an average annual rate of 16·7 per 1,000, the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the County in 1911, 88·2 per cent. were born therein; 4·0 per cent. in other Counties of the Province of Leinster; 0·7 per cent. in Munster; 2·2 per cent. in Ulster; 3·3 per cent. in Connaught; 1·1 per cent. in Great Britain; and 0·5 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the inhabitants of the County of Longford in 1911:—

Religious Professions.	1911.	
	Number of Persons.	Per-centage of Total Population.
Roman Catholics,	40,297	92·0
Protestant Episcopalians,	3,081	7·0
Presbyterians,	230	0·5
Methodists,	163	0·4
All other Denominations (and Religion unascertained),	43	0·1
Information Refused,	6	0·0
Total,	43,820	100

From the above Table it will be seen that of the total population of the County in 1911, 92·0 per cent. were Roman Catholics; 7·0 per cent. Protestant Episcopalians; 0·5 per cent. Presbyterians; and 0·4 per cent. Methodists. In 1901 Roman Catholics formed 91·6 per cent.; Protestant Episcopalians, 7·3 per cent.; Presbyterians, 0·6 per cent.; and Methodists, 0·4 per cent. of the population of the County.

Education (Tables XXX. and XXXIII.).—In reckoning the number of Illiterates, the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this County are:—

	Population, 9 years and upwards.	
	Numbers.	Rate per cent.
Read and Write,	31,546	86·2
Read only,	1,581	4·3
Illiterate,	3,479	9·5
Total,	36,606	100

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 16·9 in 1891, and 13·5 in 1901, had fallen to 11·9 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in the County of Longford returned as being able to speak the Irish Language in 1911 was 915, representing 2·1 per cent of the total population of the County.

Table XXXVI gives for the first time, by District Electoral Divisions, the information available regarding the Irish-speaking portion of the population; while Table XXXVII shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the County of Longford, according to the Census of 1901 (week ending 11th May), was 6,522. In 1911 the number returned (for week ending 13th May) was 6,493.

Emigration (Table XLI.).—The number of Emigrants during the ten years ending 31st March, 1911, who stated that they were from the County of Longford, amounted to 5,041 (2,440 Males and 2,601 Females); the number for the decade ending 31st March, 1901, was 5,071; for that ending with March, 1891, 11,786; for that ending with March, 1881, 11,305; for that ending with March, 1871, 13,632; and for that ending with March, 1861, 14,577; making a total of 61,412 for the sixty years.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 5,000 Inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on

1st, Its extent, as shown by the number of rooms; 2nd, Its quality, as shown by the number of its windows; and 3rd, Its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house in initial together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses universally built of mud or other perishable material, having only one room and a window; in the third a better description of house, ranging from one to four rooms and windows. In the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation, consisting of 1st class houses occupied by one families.

Second Class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation, comprising 3rd class houses with one family each, or several class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

COUNTY OF LOUTH.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) County of Louth from the Census Returns of 1911.

SUMMARY.

Area.—The (Administrative) County of Louth covers an area of 202,731 statute acres, or 1·6 per cent. of the total area of the country.

Population (Table II.).—The number of persons in the County of Louth according to the Census of 1901 was 65,820, and according to the recent Census, 63,665 (32,191 Males and 31,474 Females), or 3·27 per cent. less than in 1901.

County Districts (Table VI.).—The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the increase or decrease during the decade:—

County Districts.	Population		Increase or Decrease between 1901 and 1911		
			Number		
	1901.	1911.	Increase.	Decrease.	Rate per cent.
Drogheda Urban,	12,760	12,501	–	259	2·0
Dundalk Urban,	13,076	13,128	52	—	0·4
Ardee No. 1 Rural,	11,578	10,924	—	654	5·6
Dundalk Rural,	21,653	20,801	—	852	3·9
Louth Rural,*	6,753	6,311	—	442	6·5
Total,	65,820	63,665	–	2,155	3·3

* Formerly Drogheda No. 1.

From the foregoing Statement it will be observed that there was an increase in one County District, viz., 0·4 per cent. in Dundalk Urban, and a decrease in four County Districts, ranging from 2·0 per cent. in Drogheda Urban to 6·5 per cent. in Louth Rural.

Families and Houses (Table VIII.).—The number of distinct Families in the County at the time of the late enumeration was 14,024, the average number of persons in a family being thus 4·4. The number of Inhabited Houses was 13,855, showing an average of 4·5 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 10,628, or 75·8 per cent. of the total number of Families in the County, and of these 15 were occupiers of part of a room only; 549, or 3·9 per cent. of the total number of Families in the County, were occupiers of one room; 3,972, or 28·3 per cent., occupiers of two rooms; 3,460, or 24·7 per cent., occupiers of three rooms; and 2,632, or 18·8 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 556, comprising 251 cases in which the room had only one occupant; 241 where the room had 2, 3, or 4 occupants; 47 cases in which there were 5, 6, or 7 occupants; and 17 cases where the occupants exceeded 7 in number, including 2 cases of 10 persons, and 1 of 12 or more persons in the room.

Civic Areas.—Towns having, in 1911, a population of 2,000 and upwards, are classified as Civic Areas. The County contains two such Areas, viz., Drogheda and Dundalk. In 1901 the population of these Areas amounted to 25,836. In 1911 it was 25,629, showing a decrease of 207 persons, or 0·8 per cent.; in the remainder of the County the decrease was 4·9 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 2,218, or one in every 30 of the population, of this number 738 were inmates of Workhouses, and 1,480 were in receipt of Outdoor Relief. In 1911 the number returned was 1,685, or one in every 38 of the population; 600 of these being in the Workhouses, and 1,085 on Outdoor Relief, which figure includes 30 children Boarded-out.

Pnnted image digitised by the University of Southampton Library Digitisation Unit

The Sick (Table XII.).—In 1901 the number of persons in the County of Louth returned as Sick, on the night of the Census, was 400, or one in every 165 of the population. In 1911 the number so returned was also 400, or one in every 159 of the population, of the latter number 184 were at their own homes, and 216 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of Marriages registered in the County of Louth during the ten years ending 31st March, 1911, was 2,999, equal to an average annual rate of 4·6 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the County during the ten years was 13,786, affording an average annual rate of 21·3 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 11,266, being equal to an average annual rate of 17·4 per 1,000; the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the County in 1911, 79·1 per cent. were born therein; 8·7 per cent. in other Counties of the Province of Leinster; 0·9 per cent. in Munster; 7·0 per cent. in Ulster, 0·6 per cent. in Connaught; 3·1 per cent. in Great Britain; and 0·6 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of the County of Louth in 1911:—

Religious Professions.	1911.	
	Number of Persons.	Per centage of Total Population.
Roman Catholics,	58,303	91·6
Protestant Episcopalians,	4,043	6·3
Presbyterians,	934	1·5
Methodists,	232	0·4
All other Denominations (and Religion unascertained),	140	0·2
Information Refused,	13	0 0
Total,	63,665	100·

From the above Table it will be seen that of the total population of the County in 1911, 91·6 per cent. were Roman Catholics; 6·3 per cent. Protestant Episcopalians; 1·5 per cent. Presbyterians; and 0·4 per cent. Methodists. In 1901 Roman Catholics formed 91·5 per cent.; Protestant Episcopalians, 6·4 per cent., Presbyterians, 1·5 per cent.; and Methodists, 0·4 per cent. of the population of the County.

Education (Tables XXX. and XXXIII.).—In reckoning the number of Illiterates, the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this County are:—

	Population, 9 years and upwards.	
	Numbers.	Proportion per cent.
Read and Write,	44,813	85·3
Read only,	2,065	3·9
Illiterate,	5,663	10·8
Total,	52,541	100·

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 21·3 in 1891, and 15·8 in 1901, had fallen to 13·3 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in the County of Louth returned as being able to speak the Irish Language in 1911 was 3,760, representing 5·9 per cent. of the total population of the County.

Table XXXVI gives for the first time, by District Electoral Divisions, the information available regarding the Irish-speaking portion of the population; while Table XXXVII. shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the County of Louth, according to the Census of 1901 (week ending 11th May), was 10,424. In 1911 the number returned (for week ending 13th May) was 10,410.

Emigration (Table XLI.).—The number of emigrants during the ten years ending 31st March, 1911, who stated that they were from the County of Louth, amounted to 3,032 (1,627 Males, and 1,405 Females); the number for the decade ending 31st March, 1901, was 2,803; for that ending with March, 1891, 6,954; for that ending with March, 1881, 5,699; for that ending with March, 1871, 10,171; and for that ending with March, 1861, 17,091, making a total of 45,750 for the sixty years.

*The boundaries of this County were altered pursuant to the Local Government (Ireland) Act, 1898. The County consists of the then existing Judicial County of Louth and the then existing County of the Town of Drogheda.
NOTE.—The Census of 1821 is the first that affords a means of comparison with those of subsequent decades.
The Navy and Military serving in Ireland are included in the Population Tables in 1861 and later, but not in previous Censuses.
There were 429 Military returned as serving in the County of Louth in 1911.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described —

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, viz., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz —

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation, comprising 3rd class houses with one family each, or second class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

COUNTY OF MEATH.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) County of Meath from the Census Returns of 1911.

SUMMARY.

Area.—The (Administrative) County of Meath covers an area of 579,320 statute acres, or 2·8 per cent. of the total area of the country.

Population (Table II.).—The number of persons in the County of Meath, according to the Census of 1901, was 67,497; and according to the recent Census, 65,091 (33,934 Males and 31,157 Females), or 3·56 per cent. less than in 1901.

County Districts (Table VI.).—The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the increase or decrease during the decade:—

County Districts.	Population.		Increase or Decrease between 1901 and 1911.		
			Number.		Rate per cent.
	1901.	1911.	Increase.	Decrease.	
Kells Urban,	2,428	2,395	.	33	1·4
Navan Urban,	3,839	3,934	95	.	2·5
Trim Urban,	1,515	1,488	.	27	1·7
Ardee No. 2 Rural,	3,048	2,857	.	191	6·3
Dunshaughlin Rural,	7,979	8,085	106	.	1·3
Edenderry No. 3 Rural,	2,088	1,966	.	122	5·8
Kells Rural,	11,311	10,876	.	435	4·1
Meath Rural,*	6,683	6,167	.	516	7·7
Navan Rural,	10,711	10,396	.	315	2·9
Oldcastle Rural,†	5,107	5,171	.	233	4·3
Trim Rural,	12,460	11,753	.	707	5·7
Total,	67,167	65,091	.	2,400	3·6

* Formerly Drogheda No. 2. † Formerly Oldcastle No. 1.

From the foregoing Statement it will be observed that there was an increase in two County Districts, viz., 2·5 per cent. in Navan Urban and 1·3 per cent. in Dunshaughlin Rural; but a decrease in each of the remaining nine County Districts, ranging from 7·7 per cent. in Meath Rural and 5·8 per cent. in Edenderry No. 3 Rural, to 1·4 per cent. in Kells Urban and 1·7 per cent. in Trim Urban.

Families and Houses (Table VIII.).—The number of distinct Families in the County at the time of the late enumeration was 14,876, the average number of persons in a family being thus 4·3. The number of Inhabited Houses was 14,754, showing an average of 4·4 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or heads of Families) in occupation of less than five rooms in 1911 was, 11,067, or 74·4 per cent. of the total number of Families in the County, and of these 4 were occupiers of part of a room only; 528, or 3·5 per cent. of the total number of Families in the County, were occupiers of one room; 2,719, or 18·3 per cent., occupiers of two rooms; 4,475, or 30·1 per cent., occupiers of three rooms; and 3,341, or 22·5 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 530, comprising 269 cases in which the room had only one occupant; 201 where the room had 2, 3, or 4 occupants; 49 cases in which there were 5, 6, or 7 occupants; and 11 cases where the occupants exceeded 7 in number, including 2 cases of 10 persons, 2 cases of 11 persons, and one of 12 or more persons in the room.

Civic Areas.—Towns having, in 1911, a population of 2,000 and upwards, are classified as Civic Areas. The County contains two such Areas, viz., Kells and Navan. In 1901 the population of these areas amounted to 6,267. In 1911 it was 6,329, showing an increase of 62 persons, or 1·0 per cent.; but in the remainder of the County there was a decrease of 4·0 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 2,653, or one in every 25 of the population; of this number 910 were inmates of Workhouses, and 1,743 were in receipt of Outdoor Relief. In 1911 the number returned was 1,501, or one in every 43 of the population; 703 of these being in the Workhouses, and 798 on Outdoor Relief, which figure includes 22 children Boarded-out, and 10 in Certified Schools.

The Sick (Table XII.).—In 1901 the number of persons in the County of Meath, returned as Sick, on the night of the Census, was 584, or one in every 116 of the population. In 1911 the number so returned was 486, or one in every 134 of the population; of the latter number 208 were at their own homes, and 278 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purpose of Registration of Births, Deaths, and Marriages the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of Marriages registered in the County of Meath during the ten years ending the 31st March, 1911, was 2,878, equal to an average annual rate of 4·3 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000

The number of Births registered in the County during the ten years was 12,955, affording an average annual rate of 19·5 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 10,985, being equal to an average annual rate of 16·6 per 1,000; the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the County in 1911, 83·0 per cent. were born therein; 9·7 per cent in other Counties of the Province of Leinster; 0·8 per cent. in Munster; 3·7 per cent. in Ulster; 0·9 per cent. in Connaught; 1·5 per cent. in Great Britain; and 0·4 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of the County of Meath in 1911:—

Religious Professions.	1911.	
	Number of Persons	Per-centage of Total Population.
Roman Catholics,	60,660	93·2
Protestant Episcopalians,	3,945	6·1
Presbyterians,	350	0·5
Methodists,	55	0·1
All other Denominations (and Religion unascertained),	79	0·1
Information Refused,	2	0·0
Total,	65,091	100·

From the above Table it will be seen that of the total population of the County in 1911, 93·2 per cent. were Roman Catholics; 6·1 per cent. Protestant Episcopalians; 0·5 per cent. Presbyterians; and 0·1 per cent. Methodists. In 1901 Roman Catholics formed 92·8 per cent.; Protestant Episcopalians, 6·5 per cent.; Presbyterians 0·5 per cent.; and Methodists, 0·1 per cent. of the population of the County.

Education (Tables XXX. and XXXIII.).—In reckoning the number of Illiterates, the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this County are:—

	Population, 9 years and upwards.	
	Numbers.	Proportion per cent.
Read and Write,	48,182	88·9
Read only,	1,745	3·2
Illiterate,	4,312	7·9
Total,	54,239	100·

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 16·3 in 1891, and 12·5 in 1901, had fallen to 10·5 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in the County of Meath, returned as being able to speak the Irish Language in 1911 was 2,447, representing 3 8 per cent. of the total population of the County.

Table XXXVI. gives for the first time, by District Electoral Divisions, the information available regarding the Irish-speaking portion of the population; while Table XXXVII. shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the County of Meath, according to the Census of 1901 (week ending 11th May), was 9,806. In 1911 the number returned (for week ending 13th May) was 9,841.

Emigration (Table XLI.).—The number of Emigrants during the ten years ending 31st March, 1911, who stated that they were from the County of Meath, amounted to 3,416 (1,817 Males and 1,599 Females); the number for the decade ending 31st March, 1901, was 4,358; for that ending with March 1891, 11,264; for that ending with March, 1881, 10,521; for that ending with March, 1871, 15,557; and for that ending with March, 1861, 23,297; making a total of 68,413 for the sixty years.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window. In the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.—

First Class accommodation, consisting of 1st class houses occupied by one family.

Second Class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation, comprising 3rd class houses with one family each, or second class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

QUEEN'S COUNTY.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) Queen's County from the Census Returns of 1911.

SUMMARY.

Area.—The (Administrative) Queen's County covers an area of 424,838 statute acres, or 2·0 per cent. of the total area of the country.

Population (Table II.).—The number of persons in Queen's County, according to the Census of 1901, was 57,417; and according to the recent Census, 54,629 (28,711 Males and 25,918 Females), or 4·86 per cent. less than in 1901.

County Districts (Table VI.).—The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the decrease during the decade:—

County Districts.	Population.		Decrease between 1901 and 1911.	
	1901.	1911.	Number. Decrease.	Rate per cent
Abbeyleix Rural, ...	17,050	15,935	1,115	6·5
Athy No. 2 Rural, ...	5,963	5,631	332	5·6
Mountmellick Rural,*	25,780	25,136	644	2·5
Roscrea No. 3 Rural, ...	3,912	3,712	200	5·1
Slievemargy Rural,†	1,712	1,215	497	10·5
Total, ...	57,417	54,629	2,788	4·9

* Formerly Mountmellick No. 1. † Formerly Carlow No. 2.

From the foregoing Statement it will be observed that the highest percentage of decrease in the County Districts took place in Slievemargy, viz., 10·5; and the lowest in Mountmellick, viz., 2·5.

Families and Houses (Table VIII.).—The number of distinct Families in the County at the time of the late enumeration was 12,026, the average number of persons in a family being thus 4·4. The number of Inhabited Houses was 11,660, showing an average of 4·6 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 8,839, or 73·5 per cent. of the total number of Families in the County, and of these 404, or 3·3 per cent. of the total number of Families in the County, were occupiers of one room; 2,450, or 20·4 per cent., occupiers of two rooms; 3,942, or 32·8 per cent., occupiers of three rooms; and 2,043, or 17·0 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 404, comprising 164 cases in which the room had only one occupant; 177 where the room had 2, 3, or 4 occupants; 49 cases in which there were 5, 6, or 7 occupants; and 14 cases where the occupants exceeded 7 in number, including 1 case of 10 persons and 2 cases of 11 persons in the room.

Civic Areas.—Towns having, in 1911, a population of 2,000 and upwards, are classified as Civic Areas. The County contains two such Areas, viz., Maryborough and Mountmellick, and a portion of another, viz., Portarlington. In 1901 the population of these Areas amounted to 6,612. In 1911 it was 6,846, showing an increase of 234 persons, or 3·5 per cent.; but in the remainder of the County there was a decrease of 5·9 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 1,265, or one in every 45 of the population; of this number 359 were inmates of Workhouses, and 906 were in receipt of Outdoor Relief. In 1911 the number returned was 813, or one in every 67 of the population; 331 of these being in the Workhouses, and 482 on Outdoor Relief, which figure includes 31 children Boarded-out.

Printed image digitised by the University of Southampton Library Digitisation Unit

The Sick (Table XII.).—In 1901 the number of persons in Queen's County returned as Sick, on the night of the Census, was 405, or one in every 142 of the population. In 1911 the number so returned was 294, or one in every 186 of the population, of the latter number 162 were at their own homes, and 132 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of Marriages registered in Queen's County during the ten years ending 31st March, 1911, was 2,223, equal to an average annual rate of 4·0 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the County during the ten years was 10,977, affording an average annual rate of 19·6 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 9,479, being equal to an average annual rate of 16·9 per 1,000; the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the County in 1911, 84·2 per cent. were born therein; 0·7 per cent. in other Counties of the Province of Leinster; 3·0 per cent. in Munster; 0·9 per cent. in Ulster; 0·7 per cent. in Connaught; 1·1 per cent. in Great Britain; and 0·4 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of Queen's County in 1911:—

Religious Professions	1911.	
	Number of Persons.	Per-centage of Total Population
Roman Catholics,	48,480	88·7
Protestant Episcopalians,	5,307	9·7
Presbytorians,	282	0·5
Methodists,	389	0·7
All other Denominations (and Religion unascertained),	139	0·3
Information Refused,	52	0·1
Total,	54,629	100·

From the above Table it will be seen that of the total population of the County in 1911, 88·7 per cent. were Roman Catholics; 9·7 per cent. Protestant Episcopalians; 0·5 per cent. Presbyterians; and 0·7 per cent. Methodists. In 1901 Roman Catholics formed 88·1 per cent.; Protestant Episcopalians, 10·4 per cent.; Presbyterians, 0·5 per cent.; and Methodists, 0·7 per cent. of the population of the County.

Education (Tables XXX. and XXXIII.).—In reckoning the number of illiterates, the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this County are:—

	Population, 9 years and upwards.	
	Numbers.	Proportion per cent.
Read and Write,	41,371	90·5
Read only,	1,323	2·9
Illiterate,	3,039	6·6
Total,	45,733	100·

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 14·0 in 1891, and 9·4 in 1901, had fallen to 8·9 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in Queen's County returned as being able to speak the Irish Language in 1911 was 1,427, representing 2·6 per cent. of the total population of the County.

Table XXXVI. gives for the first time, by District Electoral Divisions, the information available regarding the Irish-speaking portion of the population; while Table XXXVII. shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the Queen's County, according to the Census of 1901 (week ending 11th May), was 7,867. In 1911 the number returned (for week ending 13th May) was 8,618

Emigration (Table XLI.).—The number of Emigrants during the ten years ending 31st March, 1911, who stated that they were from Queen's County, amounted to 2,542 (1,306 Males, and 1,236 Females); the number for the decade ending 31st March, 1901, was 4,434; for that ending with March, 1891, 13,634; for that ending with March, 1881, 9,090; for that ending with March, 1871, 9,620; and for that ending with March, 1861, 19,886; making a total of 59,206 for the sixty years.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described —

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st. Its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz —

First Class accommodation, consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation, comprising 3rd class houses with one family each, or second class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families and 1st class houses inhabited by six or more families.

CENSUS OF IRELAND, 1911.

COUNTY OF WESTMEATH.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) County of Westmeath from the Census Returns of 1911.

SUMMARY.

Area.—The (Administrative) County of Westmeath covers an area of 454,104 statute acres, or 2·2 per cent. of the total area of the country.

Population (Table II.).—The number of persons in the County of Westmeath, according to the Census of 1901, was 61,629; and according to the recent Census, 59,986 (31,910 Males and 28,076 Females), or 2·67 per cent. less than in 1901.

County Districts (Table VI.).—The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the increase or decrease during the decade :—

County Districts	Population		Increase or Decrease between 1901 and 1911		
			Number.		Rate per cent.
	1901.	1911.	Increase.	Decrease.	
Athlone Urban,	6,617	7,472	855	—	12·9
Athlone No. 1 Rural,	9,946	9,359	—	596	6·0
Ballymore Rural,*	3,429	3,069	—	360	10·5
Coole Rural,†	3,702	3,391	—	311	8·4
Delvin Rural,	8,477	7,864	—	613	7·2
Kilbeggan Rural,‡	2,411	2,082	—	329	13·6
Mullingar Rural,	27,047	26,758	—	289	1·1
Total,	61,629	59,986	—	1,643	2·7

* Formerly Ballymahon No. 2. † Formerly Granard No. 1. ‡ Formerly Tullamore No. 2.

From the foregoing Statement it will be observed that there was an increase in one County District, viz., 12·9 per cent. in Athlone Urban; and decreases in the remaining 6 County Districts, ranging from 13·6 per cent. in Kilbeggan Rural and 10·5 per cent. in Ballymore Rural, to 6·0 per cent. in Athlone No. 1 Rural, and 1·1 per cent. in Mullingar Rural.

Families and Houses (Table VIII.).—The number of distinct Families in the County at the time of the late enumeration was 12,953, the average number of persons in a family being thus 4·4. The number of Inhabited Houses was 12,617, showing an average of 4·5 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 9,778, or 75·5 per cent. of the total number of Families in the County, and of these 423, or 3·2 per cent. of the total number of Families in the County, were occupiers of one room; 2,599, or 20·1 per cent., occupiers of two rooms; 4,037, or 31·2 per cent., occupiers of three rooms; and 2,719, or 21·0 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 423, comprising 204 cases in which the room had only one occupant; 172 where the room had 2, 3, or 4 occupants; 41 cases in which there were 5, 6, or 7 occupants; and 6 cases where the occupants exceeded 7 in number, including 2 cases of 10 persons in the room.

Civic Areas.—Towns having, in 1911, a population of 2,000 and upwards, are classified as Civic Areas. The County contains 2 such Areas, viz., Athlone and Mullingar. In 1901 the population of these areas amounted to 11,117. In 1911 it was 13,011, showing an increase of 1,894 persons, or 17·0 per cent.; but in the remainder of the County there was a decrease of 7·0 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 1,637, or one in every 38 of the population; of this number 623 were inmates of Workhouses, and 1,014 were in receipt of Outdoor Relief. In 1911 the number returned was 1,193, or one in every 50 of the population; 548 of these being in the Workhouses, and 645 on Outdoor Relief, which figure includes 82 children Boarded-out, and 22 sent to Certified Schools.

The Sick (Table XII.).—In 1901 the number of persons in the County of Westmeath, returned as Sick, on the night of the Census, was 405, or one in every 152 of the population. In 1911 the number so returned was 336, or one in every 179 of the Population; of the latter number 130 were at their own homes, and 206 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of Marriages registered in the County of Westmeath during the ten years ending 31st March, 1911, was 2,797, equal to an average annual rate of 4·6 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the County during the ten years was 12,094, affording an average annual rate of 19·9 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000.

The Deaths registered during the decennium amounted to 10,210, being equal to an average annual rate of 16·8 per 1,000; the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the County in 1911, 78·5 per cent. were born therein; 9·6 per cent. in other Counties of the Province of Leinster; 1·5 per cent. in Munster, 1·8 per cent. in Ulster; 4·1 per cent. in Connaught; 3·8 per cent. in Great Britain; and 0·7 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of the County of Westmeath in 1911:—

Religious Professions.	1911.	
	Number of Persons.	Per-centage of Total Population.
Roman Catholics,	54,770	91·3
Protestant Episcopalians,	4,550	7·6
Presbyterians,	342	0·6
Methodists,	203	0·3
All other Denominations (and Religion unascertained),	111	0·2
Information Refused,	1	0·0
Total,	59,986	100·

From the above Table it will be seen that of the total population of the County in 1911, 91·3 per cent. were Roman Catholics; 7·6 per cent. Protestant Episcopalians; 0·6 per cent. Presbyterians; and 0·3 per cent. Methodists. In 1901 Roman Catholics formed 92·0 per cent.; Protestant Episcopalians, 6·9 per cent.; Presbyterians, 0·5 per cent.; and Methodists, 0·4 per cent. of the population of the County.

Education (Tables XXX. and XXXIII.).—In reckoning the number of Illiterates, the age of 9 years has now been substituted for the age of 5, which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this County are:—

	Population 9 years and upwards.	
	Numbers.	Proportion per cent.
Read and Write,	44,676	89·0
Read only,	1,579	3·2
Illiterate,	3,955	7·8
Total,	50,410	100·

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 16·6 in 1891, and 12·0 in 1901, had fallen to 10·0 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in the County of Westmeath returned as being able to speak the Irish Language in 1911 was 2,096, representing 3·5 per cent. of the total population of the County.

Table XXXVI. gives for the first time, by District Electoral Divisions, the information available regarding the Irish-speaking portion of the population; while Table XXXVII. shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.).—The number of pupils attending school in the County of Westmeath, according to the Census of 1901 (week ending 11th May) was 9,401. In 1911 the number returned (for week ending 13th May) was 9,008.

Emigration (Table XLI.).—The number of Emigrants during the ten years ending 31st March, 1911, who stated that they were from the County of Westmeath, amounted to 2,597 (1,326 Males, and 1,271 Females); the number for the decade ending 31st March, 1901, was 3,354; for that ending with March, 1891, 9,695; for that ending with March, 1881, 7,347; for that ending with March, 1871, 11,399; and for that ending with March, 1861, 18,587; making a total of 52,889 for the sixty years.
